# Target Group

- 35 participants: 4 young people and 1 team leader per country, representing partner organizations;
- Age: 35 participants 18 - 30 years old and one team leader per group without age limit;
- The youth exchange project "Bilimsel Pandemi Yönetimi" team will include 35 participants from Portugal, Italy, Croatia, Bulgaria, Lithuania, Ukraine and TURKEY

As young people, we have goals and objectives such as what path should be followed, what kind of work institutions do, methods of protecting ourselves, researching and implementing the necessary training and protection measures in the field of health in order to increase individual awareness, and our community's participation in voluntary work with organizations such as the provincial health directorate. Our target audience is young individuals. Students at university levels will participate in our studies.

# Project activities

In the activity program, each country will be responsible for carrying out and managing 1-day activities. The Turkish team will manage activities such as introductions, icebreaker games, and linguistic development games on the first day. Afterwards, an Erasmus+ poster study will be carried out. The first day's event will end after the Youthpass promotional activity. Starting from day 2, each country will manage 1 day of activity. We don't have to stick to the action plan. Country teams can design creative activities related to covid-19 and epidemics. The materials that will be needed should be communicated to us before the project. You will see in the activity plan which country will manage the activity on which day. In addition, the Turkish team will bring a medical team and demonstrate in practice the precautions that should be taken during the pandemic period.

# Project objectives

- To provide information about the phenomenon of viruses, the place of viruses in our lives, the history of countries and social effects.
- Examination of the possibilities offered by the power of effective policies to prevent solutions to the epidemic.
- To accelerate and disseminate steps towards the general society, both structurally and psychologically.
- Helping decision makers produce effective efficiencies.
- We aim to raise the awareness of young people in order to combat their influence in society and to support them in gaining awareness in coordination with decision makers.
- In addition to supporting the development of the young people involved in the project in the region;
- They will be supported to be active and normal individuals who are open to their characteristics and innovations, sensitive to social influences, actively involved in volunteer activities, attaching importance to their cultural development, responsible for greenery and plants, contributing to their foreign language development and communication, and contributing to the production of paper.

# Travel

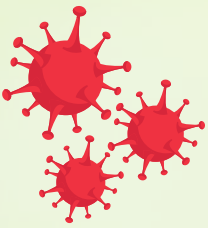

Since Antalya is a tourism city, you can easily come to the project with direct flights and connecting flights. Search all flight times. Please send the tickets to me for approval before purchasing. Once I approve it, everyone can buy their tickets. The deadline to purchase tickets is December 20. The sending organization must check the tickets of the participants and have them purchased 1 month in advance. Otherwise, we will open a call for missing participants ourselves. You will remain the official partner and there will be no change of partner. When this e-mail is sent to you, it means that you accept the entire process. There will be no possibility of changing the project date again.

PLEASE: BEFORE BOOKING YOUR FLIGHTS, YOU SHOULD PROVIDE DETAILS OF YOUR TRAVEL PLANS TO US FOR VERIFICATION AND APPROVAL.

YOU CAN ARRIVE IN TURKEY 2-3 DAYS EARLIER TO SEE AROUND OR TRAVEL A BIT. ALSO YOU CAN LEAVE 2-3 DAYS AFTER PROJECT HOWEVER, THIS SHOULD BE DONE AT YOUR OWN EXPENSE.
