"CTRL+ALT+FOR WHO?" "EXPLORING DIGITAL CONTROL, ALTERNATIVES, AND YOUTH IDENTITY"

As young people, we are questioning the effects of the digital world...

We are embarking on a journey to explore digitalization with its opportunities and dangers...

We will focus on "control" and "alternatives" in the digital world.

We will think about and share how young people express themselves in the digital world, what options they explore, and how they interact with technology.

We will question young people's identities and forms of interaction in the digital age...

At the peak of Anatolia, in one of the world's major winter destinations, we will meet history, culture, and nature.

We will have fun, learn, and share...
