## HOUSE OF SOLIDARITY

29/11 – 13/12

CULT/CONS 16vols 18–30

### PROJECT

Join us for a volunteer experience where learning, cooperation, and openness to others are at the heart of each day. Nestled in the countryside, you will live alongside young people from across Europe and around the world, all with diverse backgrounds but united by a shared desire to contribute to a common project. Here, every action has meaning, and every moment is a chance to grow together. Through sharing and mutual support, we turn our differences into a true source of richness!

### WORK

The Beaumotte Center is a vibrant and dynamic place that welcomes people from all walks of life every year. It is a space for learning and creativity where everyone can contribute. In this workcamp, you will explore the basics of carpentry through two concrete projects: the construction of a clothing-sharing space to promote solidarity and reuse, and the reorganization of a material storage area as part of a practical and sustainable approach to resource management. Guided by our team, you will learn how to use various carpentry tools and techniques. You will also participate in daily collective tasks (cooking, cleaning, maintaining shared spaces), in a spirit of cooperation, respect, and conviviality. It will also be an opportunity to discover an alternative place that explores different ways of living and organizing collectively.

### ACCOMMODATION AND FOOD

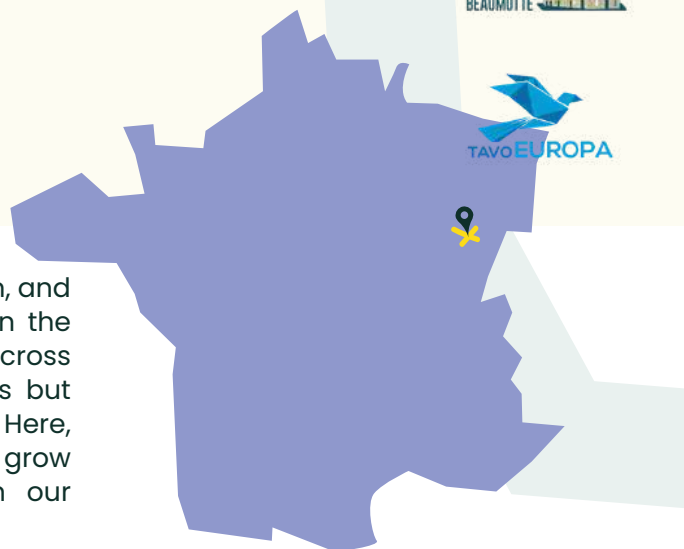

You will be hosted at our association in a shared two-level dormitory. You will sleep in bunk beds, with mixed gender and nationality accommodation. Please bring enough clothes and essentials, there is no washing machine on site. Wi-Fi is limited to one room and only available at specific times. This helps us create an atmosphere that prioritizes authentic and human connection!

You will take turns cooking in our professional kitchen, always with support from a team leader. Your group will be actively involved in collective life: kitchen, cleaning, gardening/animal care teams, etc. Food is provided by the association. Our ingredients are organic and/or local. Meat is served twice a week, and a fully vegetarian option is always available.

Please note: For the past 45 years, Beaumotte has been running a social project. We host minors under state protection and individuals in social reintegration programs. For this reason, alcohol is not permitted on site.

### LEISURE ACTIVITIES

Afternoons and weekends are dedicated to leisure activities, which you will plan with the team leaders. You will also be encouraged to suggest and run your own activities. Some highlights include: visiting Besançon, nature walks, fun and intercultural workshops...
