## About Us

The International Centre for Sustainable Development (ICSD) is a non-profit organization based in Ioannina, Greece. Since 2011, we have been dedicated to advancing sustainability through research, education, and community-driven initiatives.

## Our services

At ICSD, we work to advance sustainable development and improve quality of life. Our mission is to reduce inequalities, combat poverty, and provide care and support to vulnerable groups. We also promote knowledge-sharing and scientific dialogue, making positive change possible in Greece and beyond.

Alongside our mission, we offer consulting services on economy, society, and the environment. We actively participate in Erasmus+ and other educational initiatives, engage in national and European programs, and organize workshops and conferences to foster learning, collaboration, and innovation.

## Mission

Solidarity means supporting the social integration and well-being of refugees, helping them feel included and supported in the community. Through our ESC program, volunteers assist refugee boys aged 13-18 in our two centers in Ioannina, offering educational support, recreational activities, and mentoring to enhance their overall welfare. In addition, awareness-raising initiatives help highlight the challenges refugees face, while engaging local youth and strengthening the broader community of Ioannina.

## Our services

Volunteering is at the heart of what we do! We team up with local authorities to support vulnerable groups, refugees, and immigrants. We join forces with institutes and organizations driving sustainable development. Plus, ICSD is officially certified by the National Agency for European Solidarity Corps (ESC) and holds the Management Capacity Certificate from the Greek Ministry of Labour and Social Insurance, ensuring top-quality project implementation.

## IOANNINA

"Live like the Pasha in Yannena"

Ioannina, often called "Yannena", the capital of Epirus, spreads out around beautiful Lake Pamvotida. The strong cultural traditions of the town, home to a number of great novelists and poets, and the artistic and intellectual events that are organized throughout the year give visitors the opportunity to get to know the roots of the intellectual life of Epirus. Ioannina was always multicultural, dominated mainly by Christian, Islamic and Jewish influences. This coexistence of cultural influences is clearly evident in the historic city center.
