PREPARATION

TASK RELATED PREPARATION

In preparatory phase of the project, participants will receive guidelines for preparatory tasks.

INTERCULTURAL AND LINGUISTIC PREPARATION

Croatia has a rich cultural heritage shaped by Mediterranean, Central European, and Balkan influences. Politeness, respect, and direct but friendly communication are valued in everyday interactions. English is widely spoken, especially among younger people and in tourist areas, but using a few basic Croatian words is appreciated and often creates a more positive connection with locals.

- **Dobar dan** – Hello (formal / Good day)
- **Dobro jutro** – Good morning
- **Dobra večer** – Good evening
- **Bok** – Hi (informal)
- **Dovidenja** – Goodbye (formal)
- **Bok** – Goodbye (informal)
- **Molim** – Please / You're welcome
- **Hvala** – Thank you
- **Hvala lijepa** – Thank you very much
- **Da** – Yes
- **Ne** – No
- **Ne razumijem** – I don't understand
- **Govorite li engleski?** – Do you speak English?
- **Možete li mi pomoći?** – Can you help me?

CURRENCY

The official currency in Croatia is the **Euro (EUR)**. Credit and debit cards are widely accepted in shops, restaurants, and most services. However, cash is still commonly used, especially in smaller cafés, local bakeries, small shops, and for public transportation. Participants are therefore advised to bring some cash in euros or withdraw money from ATMs if needed. Please note that ATM withdrawals may include additional fees charged by local banks or your own bank.

YOUTHPASS

The Youthpass certificate is a recognition tool developed by the European Commission for participants of projects funded by the Erasmus+ program and the European Solidarity Corps. It aims to document and validate the learning experiences gained through participation in these projects. Here are the key aspects of the Youthpass certificate:

1. Recognition of Non-Formal Learning: Youthpass recognizes the value of non-formal learning experiences, which are often not formally assessed or documented. It highlights the skills and competences gained outside of traditional educational settings.

2. Learning Outcomes: The certificate includes a detailed description of the learning outcomes achieved by the participant. This includes key competences such as communication in foreign languages, social and civic competences, sense of initiative, and digital competence.

3. Personal Reflection: Participants are encouraged to reflect on their experiences and learning processes. This self-assessment helps them identify and articulate the skills and knowledge they have acquired.

4. Enhancing Employability: By documenting skills and competences, Youthpass can enhance the employability of young people. It serves as a useful addition to their CVs and can be presented to potential employers or educational institutions.

5. Standardized Format: The certificate follows a standardized format recognized across Europe, making it easier for participants to use it in various contexts, including job applications and further education.

The participants of this project have **a right to obtain their Youthpass certificates** at the end of the main activity.
