Who is EQUAÇÃO?

Equação, Cooperativa de Comércio Justo, Crl is a cooperative created in 2006 by a group of grassroots Fair Trade organizations with the mission of promoting **Fair Trade in Portugal** through the distribution of Fair Trade products and raising awareness among consumers, in particular the youngest, and schools (teachers and students), public institutions and companies. Based in Amarante, it currently has 9 cooperative' members and has coordinated dozens of projects, mainly European, involving hundreds of young people (local and foreign) in volunteering activities and international participation.

Main objectives:

- Promotion of **Fair Trade PRINCIPLES** in Portugal;
- Promotion of **SOLIDARITY** values by bringing volunteering and solidarity to the daily life of the community;
- Development of personal, social and professional **SKILLS** (young people, volunteers, employees, partners);
- **SUSTAINABLE** practices that seek to present life alternatives to participants and the community.

Equação received the **quality label for ESC and Erasmus+ accreditation for Youth!**

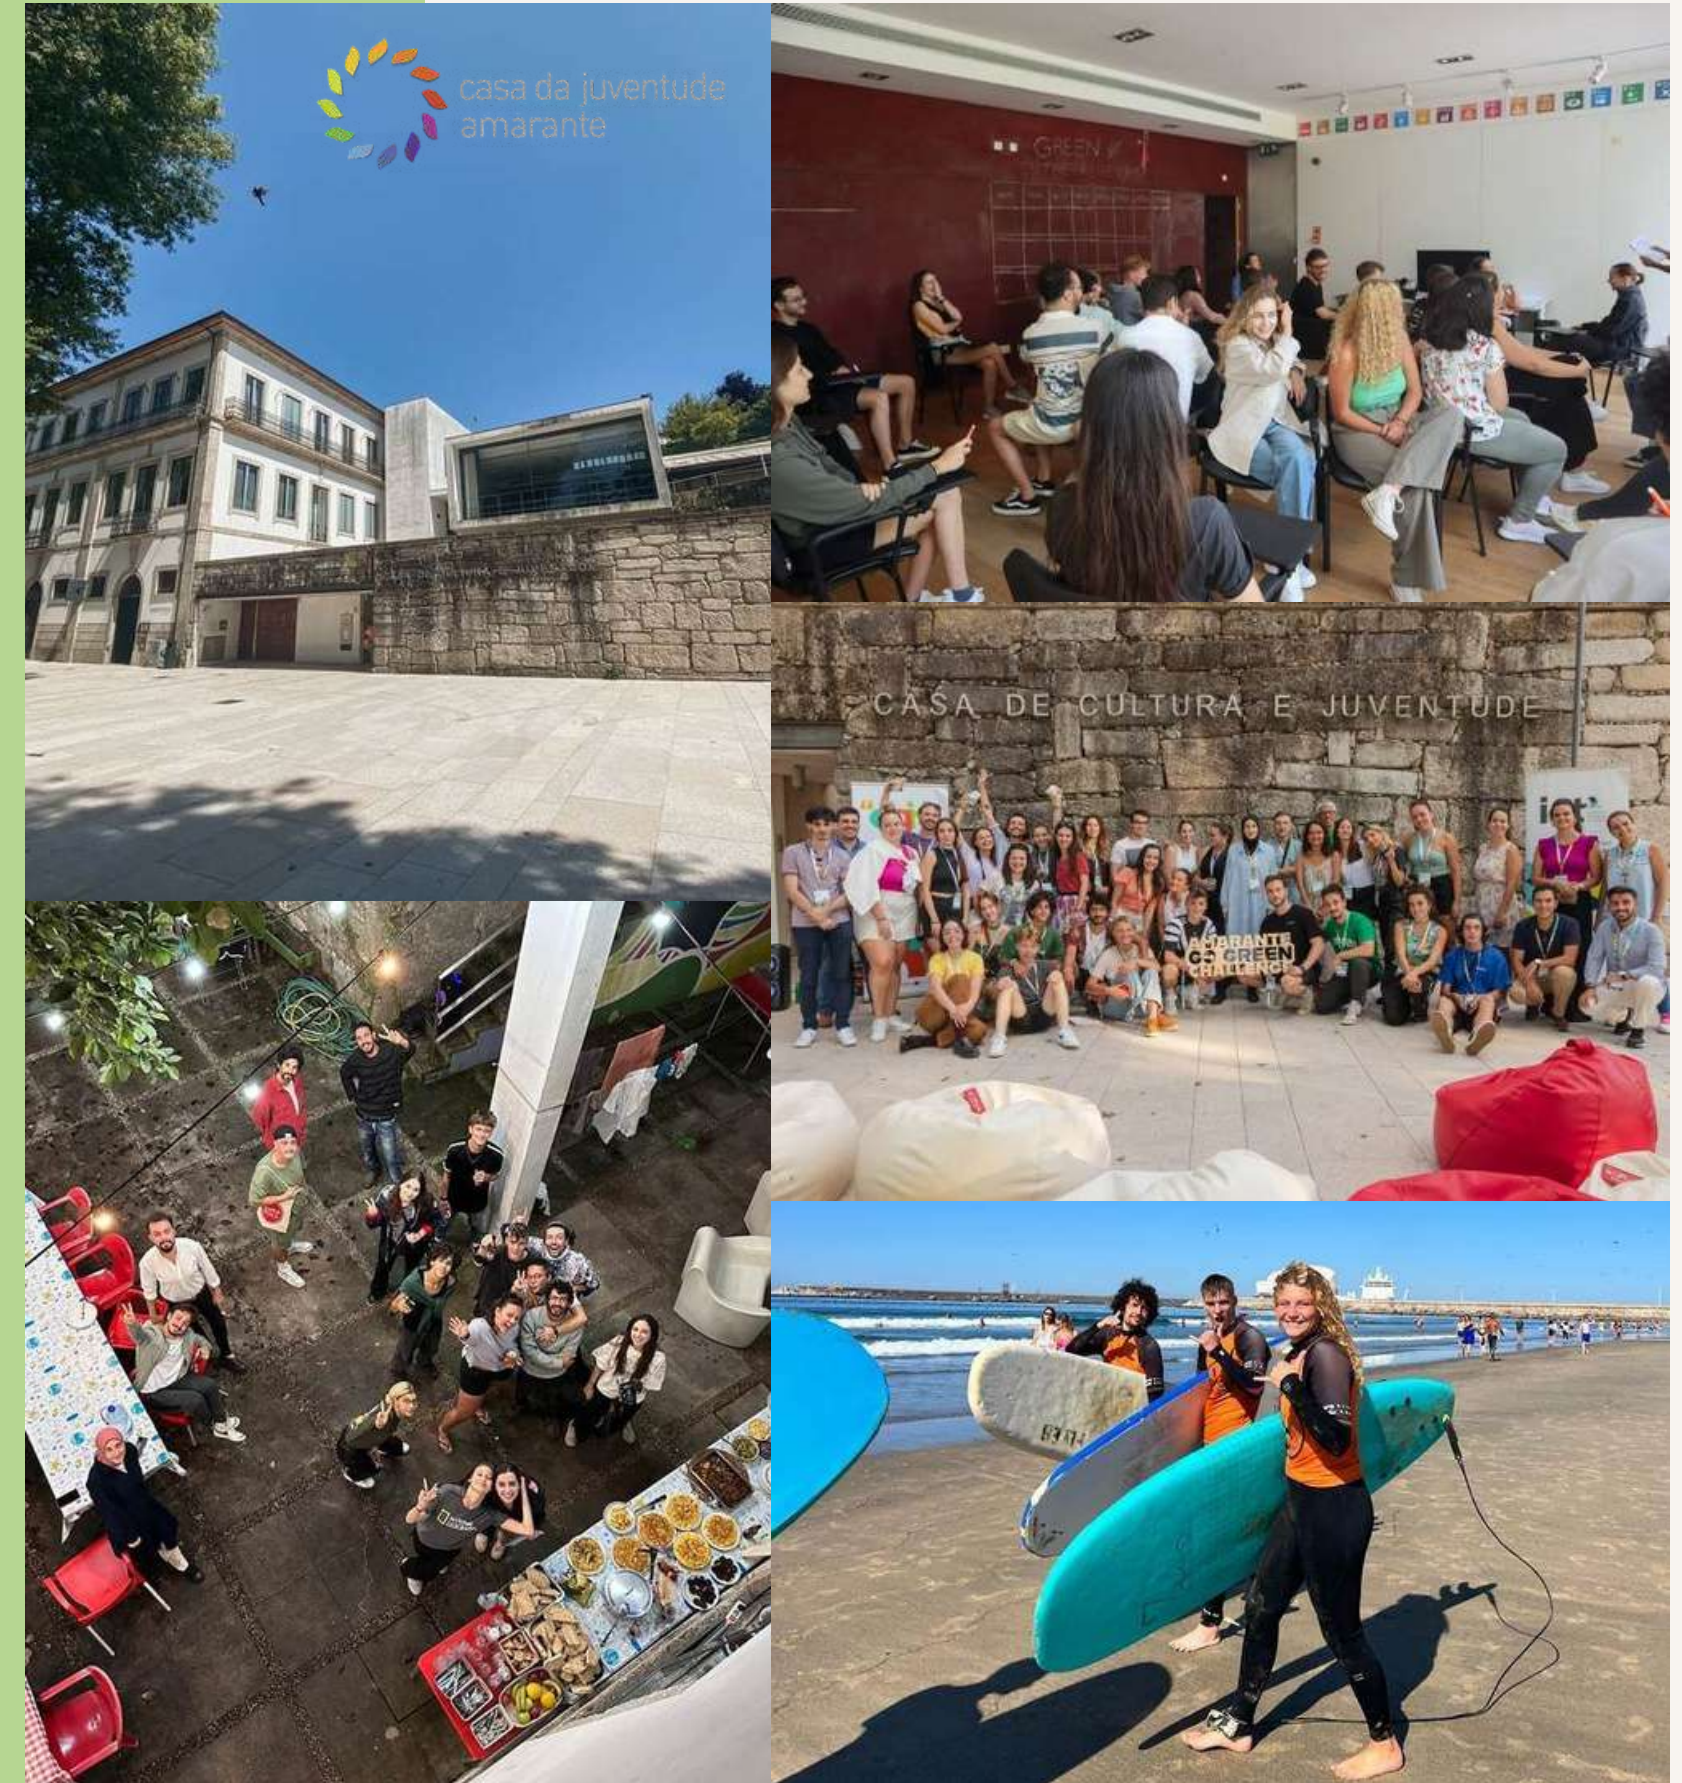

Strategy for the next decade:

- **SUSTAINABILITY**, valuing healthier, sustainable and participatory practices and principles (responding to environmental and climate changes);
- **GLOBAL EDUCATION**, promoting alternative approaches to individual development (personal/social/professional), collective (cooperation/dialogue) and global citizenship based on the values of our mission and activities;
- **LOCAL PARTICIPATION**, supporting initiatives by young people who want to transform their way of being as producers, consumers, activists or citizens attentive to the decision-making processes and the functioning of democratic life.

Welcome to CJ AMARANTE

In 2009 our local member (Aventura Marão Clube) started to manage the local youth centre/hostel, **Casa da Juventude de Amarante** (CJ Amarante), a study case project as it was the first private body managing a public equipment in Portugal.

CJ Amarante's initial strategy was to **support local youth initiatives** to approach youngsters to our values, develop mobility and participation projects and offer accommodation and food services). Additionally, 'Equação' also utilized this space to coordinate volunteer projects and Erasmus+ projects.

FOOD & ACCOMMODATION

Accommodation in the Youth Center (Casada Juventude de Amarante).

We will provide food (breakfast, lunch, dinner and coffee-breaks) during the project at our vegetarian bar/restaurant.

About AMARANTE

Amarante is a **historical city** in northern Portugal with a huge natural and building heritage, the city cultural and artistic tradition made Amarante a **Creative city of UNESCO** network. With 56 thousand inhabitants, Amarante is the municipality with the biggest area of the Porto district.

HOW to reach us

Amarante is located around 60km away from Porto. Which means the easiest way for you to reach us is by travelling to **Porto's Airport (OPO)**. From there we will arrange your transport to Amarante.

If possible, try to find a greener way to travel to/from Amarante.
We have extra budget for **GREEN TRAVELS ;)**

About the PROJECT

The **seminar “Green and circular economy: Fair Trade contribution!”**, organized by Equação, Cooperativa de Comércio Justo, Crl (Equação), aims to share policies, tools, and approaches that will support and inspire organizational managers, youth facilitators and technicians, and youth leaders to learn about and apply sustainable principles of organizational and project management, and to disseminate alternative approaches to individual and community development and global citizenship. It provides them with knowledge, attitudes, and skills in terms of the green and circular economy and related best practices, using Fair Trade as an example. This seminar will also address digital skills that will support the dissemination and visibility of the Erasmus+ Programme and other EU opportunities in our region, especially for young people.

EMERGENCY evacuation PLAN

CJ AMARANTE has an emergency evacuation plan to **ensure** that all people are able to evacuate the building in a timely and **safe** manner.

EMERGENCY contact
112

In case of FIRE, you **MUST**:

Leave the room and follow the exit signs.

If you are the last person leaving and it is safe to do so, close the door of the room, do not stop to collect your possessions.

Immediately raise the alarm by operating the nearest fire call point and break the glass point.

Call the emergency services (112).

Give them the details of where you are and which building.

Call EQUAÇÃO project's manager/coordinator to report what you have witnessed.

Only attempt to extinguish the fire if it is safe to do so and if you are trained to do it.
